
Crucial® Ballistix® Sport XT Series Memory

Ballistix Sport XT modules: aggressive performance.

Available as an option within the Sport series, Crucial Ballistix Sport XT memory offers faster and more aggressive performance. Designed for gamers who are comfortable changing BIOS settings to unleash their memory's full potential, Sport XT modules offer blazing—fast DDR3 speeds up to 1866 MHz and are available in higher 4GB and 8GB densities. With an expanded heat spreader that offers more surface area for heat dissipation, Sport XT modules enable better thermal performance. Coupled with an aggressive design and XMP profiles for easy configuration in Intel®—supported systems, Sport XT modules deliver no-hassle performance so you can own your opponents.

Get ready to play.

Engineered to deliver fast and reliable performance memory for enthusiasts and mainstream users alike, the Crucial Ballistix Sport series is a great place to start. Touting all the usual benefits of a memory upgrade—faster load times, better system responsiveness, and increased ability to handle data-intensive games—Ballistix Sport modules also feature an array of additional features. With an eye-catching design, premium-quality DRAM, and a stylish integrated heat spreader for thermal performance, Ballistix Sport makes it easy to take your game to the next level. Since Ballistix Sport performance memory is budget-friendly and compatible with nearly every type of system, you'll be hard pressed to find a better win.

Crucial—quality you can depend on.

Crucial is a trusted name when it comes to DRAM, and that's no coincidence. As a brand of Micron, one of the largest manufacturers of DRAM in the world, we work with our engineers to design, refine, test, manufacture, and support our extensive line of memory modules. With a product portfolio that includes thousands of different DRAM upgrades for more than 50,000 systems, we've got one specifically designed for your computer. For more than fifteen years we've kept gamers and system builders happy with premium quality memory and outstanding customer service.

PRODUCT HIGHLIGHTS:

- Performance memory for gamers and enthusiasts
- XMP profile for advanced speeds and timings
- Tall, aggressive heat spreader
- Premium–quality DRAM
- Easy to install
- Limited lifetime warranty*
- Available in 4GB and 8GB DDR3 modules—speeds up to 1866 MHz

*Limited lifetime warranty valid everywhere except Germany. In Germany, warranty is limited to ten years from the date of purchase.
